Packaging	Mixed packaging:roof frame and bottom frame will be packed together with bolts;all the wall panels packed together with wooden pallet in the bottom, corrugated board on the surface,and XPS board in the inter-space. And it will be shipped in 40' container.
Unloading	40 feet ocean freight container:
	A: Take out the small packages.
	B: Use folk lift to take out the wall panel packages.
	C: Grapple the corner on bottom side of the container house and drag the package out,remain about 50cm in the shipping container.
	D: Use folk lift to lift the container package in the middle and move it out of the shipping container.
	E: Put the package on ground side-wise, use wooden pad if it's flat-wise.

Delivery by 40'HQ shipping container by bulk packing in general .

Soalan Lazim:

1, Apa istilah Pembayaran anda?
50% deposit oleh TT, baki 50% sebelum memuatkan bekas oleh TT; 100% LC pada jumlah pembayaran penuh melebihi 100,000USD);

2, Bagaimana dengan Penghantaran?
Kami menggunakan bekas 40HQ untuk menghantar barangan; Biasanya 40HQ bekas boleh memuat kira-kira 160-180Rumah meter persegi.

3, masa penghantaran?
Bergantung pada MOQ, biasanya kami boleh mengatur penghantaran sekitar 10 hari selepas menerima deposit

4, Bagaimana untuk memasang?
Biasanya kami akan menyediakan lukisan pemasangan, dan jika perlu, kami juga menyediakan video pemasangan.

5, Bolehkah anda menghantar pekerja untuk membantu saya membina rumah?
Memandangkan kos buruh, keselamatan dan isu visa, kami mencadangkan untuk menghantar satu atau dua jurutera untuk membimbing dan melatih kakitangan anda. Anda mesti menyediakan tiket udara, hotel, dan makan, dan 100USD sehari untuk gaji jurutera.
