

## ADVANTAGES OF PREFABRICATED HOUSE

**Service life** ≥25 years

**Strength** High Strength, Impact Resistant And Not Easily Damaged

**Resist** Resist Hurricane And Salt Water, Antioxidant

**Resistance** Excellent in Earthquake, Wind and Weight Capacity

**Fireproof** A Level Fireproof

**Efficient** Low Thermal Conductivity, Energy Efficient

**Soundproof** Good Sound-Insulation

Cost Light Weight, Saving Constructing Cost

**Flexibility** Flexibility in design **Decoration** Convenient Decoration

**Construction Speed** Quick, Easy, Fast Speed to Erect

**Environment** Environment-Friendly
