

ADVANTAGES OF PREFABRICATED HOUSE

Service life	≥25 years
Strength	High Strength, Impact Resistant And Not Easily Damaged
Resist	Resist Hurricane And Salt Water, Antioxidant
Resistance	Excellent in Earthquake, Wind and Weight Capacity
Fireproof	A Level Fireproof
Efficient	Low Thermal Conductivity, Energy Efficient
Soundproof	Good Sound-Insulation
Cost	Light Weight, Saving Constructing Cost
Flexibility	Flexibility in design
Decoration	Convenient Decoration
Construction Speed	Quick, Easy, Fast Speed to Erect
Environment	Environment-Friendly
