

ADVANTAGES OF PREFABRICATED HOUSE

Service life ≥25 years

Strength High Strength, Impact Resistant And Not Easily Damaged

Resist Resist Hurricane And Salt Water, Antioxidant

Resistance Excellent in Earthquake, Wind and Weight Capacity

Fireproof A Level Fireproof

Efficient Low Thermal Conductivity, Energy Efficient

Soundproof	Good Sound-Insulation
Cost	Light Weight, Saving Constructing Cost
Flexibility	Flexibility in design
Decoration	Convenient Decoration
Construction Speed	Quick, Easy, Fast Speed to Erect
Environment	Environment-Friendly
