

ADVANTAGES OF PREFABRICATED HOUSE

Service life ≥25 years

Strength High Strength, Impact Resistant And Not Easily Damaged

Resist Resist Hurricane And Salt Water, Antioxidant

Resistance Excellent in Earthquake, Wind and Weight Capacity

Fireproof A Level Fireproof

Efficient Low Thermal Conductivity, Energy Efficient

Soundproof Good Sound-Insulation

Cost Light Weight, Saving Constructing Cost

Flexibility Flexibility in design

Decoration Convenient Decoration

Construction Speed Quick, Easy, Fast Speed to Erect

Environment Environment-Friendly
